

GP Earnings March 31st 2021

NHS England require that the net earnings of doctors engaged in the practice is publicised by 31 March 2021 at the latest. However, it should be noted that the prescribed method of calculating earnings is potentially misleading because it takes no account of how much time doctors spend working in the practice and should not be used for any judgement about GP earnings, nor to make any comparisons with other practices.

The average pay for GPs working in Binscombe Medical Centre in the last financial year was £73,072 before tax and National Insurance. This is for: 2 full-time GPs and 9 part-time GPs who worked in the practice for more than six months.
